

PETROL SITE COMPRESSORS

- air compressors with petrol engine
- for spray painting & decorating
- air chisels & hammers
- needle guns & scrapers
- fixing tools & staple guns
- Honda petrol engines
- compressors produced in the UK

The AC petrol compressors are British made with Honda engines, built to an industrial spec with heavy duty and slow running belt driven air pumps

The compressors will run all day on site and power a wide range of air tools, spray equipment, surface prep tools, mixers and drills

The compressors are supplied with solid rubber wheels as standard

The AC30P is a site compressor that will deliver up to 30cfm and will run a range of spray pumps and air tools

APPLICATIONS

- for powering spray guns & pumps
- surface prep tools & rotary scabblers
- needle guns & chipping hammers
- air powered mixers
- sanders & polishers
- full protective frame available

PETROL COMPRESSOR AC15P

Power	15cfm 5½hp
Air output	420 ltr/min @ 6 bar
Machine weight	81kg
Size WxL	33x108cm
Height	90cm
Air tank	60 ltr
Noise level	93dBA

PETROL COMPRESSOR AC30P

Power	30cfm 11hp
Air output	840 ltr/min @ 6 bar
Machine weight	128kg
Size WxL	48x132cm
Height	117cm
Air tank	110 ltr
Noise level	96dBA
