

EBS1802H 5" DIAMOND GRINDER

- powerful hand-held grinder
- fitted with low vibration handle
- removable front guard for edging
- dust free with dustex vac

The EBS1802H is a powerful 1650w 5" diamond grinder, supplied with a segmented diamond disc. The new generation of diamond discs are excellent for prepping a wide range of difficult to remove materials including thick and elastomeric coatings, cement adhesive, bitumens and hardened epoxies

It is produced with a reduced vibration H-handle for easy and smooth working on hard floors. The diamond grinder has a dustex guard and the front is removable for edging. The grinder-planer will level floors, slabs and walls, stone, curbs, stairs and pillars; face off shuttered concrete lines and pour spills; remove hardened epoxies and stone paints; smooth out trowel marks from screed and latex; cut back carpet adhesive and tile cement residues; skim off traffic markings and thermoplastics

A range of specialist application diamond discs are available. Only 5" discs will fit the EBS1802H

APPLICATIONS

- grinding & levelling concrete, screed & stone
- remove hard epoxy & cement coatings
- cut through floor adhesives
- removing tile cements
- finish shuttered concrete

DIAMOND GRINDER

EBS1802H

Power	1650w
Speed	10000rpm
Weight	5.9kg
Diamond discs	125mm
Prep rate	up to 30m/hr
Vibration level	4.4m/s
Noise level	78dBA
Voltage	110v or 230v
