

DUST FREE DIAMOND DRILL

DIAMOND DRILL RIG

- powerful motor & mechanical gearbox
- water feed for drilling reinforced concrete
- quick release clamp for use with drill rig

The DB160 is a compact single speed motor used for drilling 3" to 6" holes through concrete slabs for pipes and conduit

The drill is used with water feed for drilling into reinforced concrete

Max drilling with rig in concrete 162mm

APPLICATIONS

- wet drilling in concrete & floor slabs
- stone & granite
- for plumbing & heating trades
- electrical & telecoms trades
- commercial masonry & stone trades

EIBENSTOCK

EBM160
diamond drill

DB160
drill & rig

DIAMOND DRILL	EBM160
Power	2500w
Speed	450rpm
Motor weight	6.1kg
Rig weight	9.4kg
Rig height	790mm
Max core	162mm
Vibration level	3.8m/s
Noise level	78dBA
Voltage	110v or 230v
Transformer required / plug	5kva / 32amp

WET DIAMOND CORE DRILL & RIG

ROTARY WET DIAMOND DRILL MOTOR, single speed, oil bath gearbox

Stock no	Description	Power	Weight	Speed	Max core Ø	Thread	£ ex VAT
472162	EBM160/1 diamond drill	2500w	6.1kg	450rpm	162mm	1¼" UNC	699.00

DIAMOND DRILL UNIT, for drilling large diameter holes in concrete, floors & walls

Stock no	Description	Power	Weight	Speed	Max core Ø	Rig	£ ex VAT
472161	DB160 drill & rig	2500w	15.5kg	450rpm	162mm	BST152	989.00

DIAMOND DRILL & RIG FOR CONCRETE

WET DIAMOND DRILL

- heavy duty three speed diamond drill
- powerful motor & mechanical gearbox
- water feed for drilling reinforced concrete
- quick release clamp for use with drill rig

EBM352/3 is a powerful diamond drill with a heavy duty three speed gearbox

The large drive spindle is produced with dual 1/2" and 1 1/4" spindle

The drill is used with water feed for drilling reinforced concrete, floor slabs and marble

A quick release clamp is fitted as standard

Max drilling with rig in concrete 352mm

APPLICATIONS

- for wet drilling into reinforced concrete
- for plumbing & heating trades
- electrical & telecoms installation
- heating, ventilation & air conditioning
- drilling large diameter holes for pipework

DUST FREE DIAMOND DRILL & RIG

WET DIAMOND DRILL

- heavy duty three speed diamond drill
- powerful motor & mechanical gearbox
- dust free diamond drilling with vac
- water feed for drilling reinforced concrete
- quick release clamp for use with drill rig
- column swivel in three levels (75°/60°/45°)
- steel column robust, stable & buckling resistant

PLD450 is a powerful diamond drill with a heavy duty three speed gearbox

The drill is used with water feed for drilling reinforced concrete

A quick release clamp is supplied for use with drill rig
Max drilling with rig in concrete 450mm

APPLICATIONS

- for drilling into reinforced concrete
- use wet drilling in concrete
- for plumbing & heating trades
- electrical & telecoms installation
- heating, ventilation & air conditioning
- drilling large diameter holes for pipework
