

DIAMOND DRILL FOR TILES, STONE & ANCHOR FIXINGS

END1550P WET DIAMOND CORE DRILL

- high speed small diameter diamond drill
- water feed for drilling into reinforced concrete
- clean, accurate holes in tiles & stone
- ideal for multiple fixings & anchor holes

The END1550P is a high speed diamond drill for use with small diameter core bits

It will drill accurate holes in reinforced stone, tiles, concrete and masonry for resin anchors, chemical fixings and rawl bolts

Using GB diamond core bits, the power tool will quickly drill granite and limestone, hard tiles and porcelain

Quick release connector is available

The END1550P can be used with vacuum based drill rigs

Max hand held drilling in concrete 52mm

Max drilling with rig in concrete 52mm

APPLICATIONS & TRADES

- fast small hole drilling
- drilling reinforced concrete
- expanding bolts & chemical fixings
- masonry & stone trades
- tilers & bathroom fitters
- hard tiles & stone

dust free
with vac
