

ELS225 9" DRYWALL SANDER

- with quick change flexi joint
- no tool needed for changing the flexi joint
- powerful large area sander
- cushioned velcro backing pad
- large holes for effective dust control
- easy handling for wall work
- removable guard side for edging

The ELS225 is a long reach sander with a simple and light handle extension. The sander head has a flexi joint that can be simply replaced without tools

The sander is used for sanding back and smoothing drywall joints; prepping and sanding walls and ceilings prior to painting and decorating. It is lightweight and comes complete with dust guard allowing dust free operation when coupled with a suitable vac

The edge of the dust guard is cut away allowing sanding right to the edge

The range of discs are velcro backed

APPLICATIONS

- for sanding & smoothing walls & ceilings
- rubbing down drywall & tapered joints
- prepping back wall paints & emulsions
- sanding wooden floors & boards
- cleaning walls, floors & ceilings
