

### MM30 1800W H HANDLE

- new design H handle for improved cable protection
- powerful motor & long life two speed gearbox
- supplied with MR3 spiral paddle
- dust cover for switch
- soft start & low splash
- smooth, lump free mixes
- easy & comfortable handling
- high torque, slow speed for powerful mixing
- heavy duty plaster & mortar mixers
- large range of interchangeable paddles
- guaranteed German made mixers & paddles

**EIBENSTOCK**

The plastering and rendering trades' favourite MEGAMIXER, the MM30 is a well proven and robust power tool with an 1800w motor that will generate a fast, thorough mix action for consistent results. The new H handle gives easy handling and a comfortable work position whilst protecting the power tool motor from damage

All MEGAMIXERS have soft start variable speed that minimises splashing when starting. The power mixers are supplied with an MR3 spiral paddle that is the most efficient for converting power tool torque to an easy and consistent mix action

With its heavy duty 1800w high torque motor and two speed gearbox, this is the most powerful mixer for contractors requiring constant output

The two speed mixer MM30 is best for mixing heavy materials and large volume mixes including plasters, hardwall and bonding, external renders, floor screed, repair and epoxy mortars. It will easily handle a four bag mix without struggling and it will do it day in, day out

### APPLICATIONS

- mix finish & backing plaster
- render & external wall insulation coatings
- mortars & epoxy
- floor screed, latex & coatings
- heavy bodied coatings & paints
- mix quantity 4 bags

MEGAMIXER®	MM30
Power	1800w
Speed	250/580rpm
Weight	6.9kg
Paddle	MR3 160G 6¼"
Capacity	50-100kg
Output	1200kg/hr
Vibration level	1.7m/s
Noise level	72dBA
Voltage	110v or 230v

### MEGAMIXER® H HANDLE

MEGAMIXER, with paddle, H handle, variable two speed, soft start

Stock no	Description	Power	Weight	Speeds	Paddle	Mix	£ ex VAT
45303160	MM30 two speed mixer drill	1800w	6.9kg	250/580rpm	MR3 160G 6¼"	50-100kg	379.00

### MM21 & MM22 1150W H HANDLE

- new design H handle for improved cable protection
- powerful motor & long life gearbox
- soft start, low splash
- smooth, lump free mixes
- easy & comfortable handling
- high torque, slow speed for powerful mixing
- medium weight plaster & mortar mixer
- large range of interchangeable paddles
- guaranteed German made mixers & paddles

The MM21 & MM22 MEGAMIXERS are medium weight power mixers with H handle, all metal gearbox and reliable 1150w motor

They generate a fast, thorough mix action suitable for modern plasters and building materials

All MEGAMIXERS have soft start, variable speed, that minimises splashing when starting

The H handle gives easy handling and a comfortable mix position; the new design handle helps protect the power tool motor from damage

The power mixers are supplied with an MR3 spiral paddle but can also be supplied with a variety of different paddle designs

The two speed MM22 with the extra slow speed will mix both heavy mortars as well as lightweight powders, plaster, bonding, drylining adhesive and epoxy coatings, liquid and stiff mixes

### APPLICATIONS

- mix finish & backing plaster
- render & external wall insulation
- mortars & epoxy
- floor screed, latex & coatings
- heavy bodied coatings & paints
- mix quantity 2-3 bags

### MZR21 1200W TWIN PADDLE

- new design H handle for improved cable protection
- powerful contra-rotating positive mix action
- twin paddles for thorough mixing
- soft start, low splash
- easy & comfortable handling
- for heavy & difficult to mix materials

The twin contra-rotating paddles generate a thorough and consistent mix action that reduces air entrainment. The twin paddles reduce counter rotational torque and the mixer drill does not try and twist when mixing heavier materials; minimising operator fatigue particularly with stiff mixes.

The MZR21 gives the most thorough mix for heavy mortars, fibre filled cements, pastes, putties and epoxies. The twin paddle action is also good for those plasters that are hard work to mix including bonding compound and hardwall.

The MZR21 is suited to multi-component, specialist materials and critical mix applications.

### APPLICATIONS

- mix heavy materials & repair mortars
- epoxies, mortars & pastes
- fibre filled repair mortars
- ceramics, granulates & rubbers
- putties & lime mortars
- fibre filled materials & pastes
- specialist paints & coatings
- mix quantity 3 bags

### MM19 & MM29 D HANDLE

- solidly made, hard working power tools
- heavy duty motor & long life gearbox
- back & hoop handle mixer for easy handling
- high torque & slow speed for heavy materials
- large range of paddle sizes & designs
- reliable power tools with fast service backup
- guaranteed German made mixers & paddles

The MM19 MEGAMIXERS are D handle power mixers and combine a simple well proven design, reliable gearbox and powerful 1050w motor

The MM19 will mix finish and browning plasters, bonding and drywall adhesive, floor coatings and epoxy paints; ideal for one and two bag mixes

The MM19 is our best selling multi purpose mixer for the plastering and general building trades

The MM29 is a single speed power mixer with slow speed, high torque gearbox, 1800w motor, soft start variable speed switch and spiral mixer paddle

The D handle gives easy handling and a comfortable mix position

It's simple robust design makes it a powerful and reliable power tool for contractors mixing large volumes of heavy materials

It is supplied with an MR3 160G 6¼" paddle and is best for mixing heavy materials including hardwall and bonding, polymer renders, floor screed, epoxy and repair mortars

### APPLICATIONS

- finish & backing coat plaster
- render & external wall insulation
- mortars & epoxy
- floor screed, latex & coatings
- paints & heavy bodied coatings
