

MASONRY & STONE PAINT SPRAYERS

DECORATIVE PAINT SPRAY UNITS

- air powered professional spray guns
- range of nozzle sizes & outputs
- pressure fed paint pot for fast application
- for painting & decorating trades
- external coatings & topcoat renders

This paint spray equipment includes trade quality decorative lance spray guns and a pressure fed paint pot container for applying paints and high build coatings for interior and exterior applications. The pressure fed sprayers give fast application of exterior coatings, sand finish and masonry paints, Sandtex and Weathershield, interior decorative paints, Portaflek and emulsion. It will handle many of the paints and coatings that will not go through an airless spray pump

The spray guns are supplied with 4mm, 6mm and 8mm nozzles. Other sizes are available on request

Coverage is 60m²/hr

APPLICATIONS

- for spraying Sandtex & masonry paint
- Portaflek & interior finishes
- interior & exterior coatings
- decorative paints & emulsion
